

DUES ALLOCATION POLITICAL ACTION FUND

The California Fair Political Practices Commission (FPPC) has established guidelines for the collection and accounting of political funds by unions and other interest groups. That portion of your dues that is used for political purposes must be specifically identified and placed into a separate account. The amount used for political purposes is **NOT** deductible on your federal or state income taxes as a union expense. You may elect not to pay into the Political Action Fund.

Currently, the amount of dues allocated to the Political Action Fund is **\$20** per month. If you elect not to participate in the Political Action Fund, complete the dues allocation form and return it to the Association office. Your contribution will be redirected to the **SEBA Charity Fund**.

PAC DUES ALLOCATION

I am requesting that you do not place any portion of my monthly dues toward the Political Action Fund maintained by the Safety Employees' Benefit Association. I understand that my dues will not be reduced and instead will be redirected into the **SEBA Charity Fund**.
